NEW DELHI: State owned Bharat Sanchar Nigam Limited (BSNL) said that it has added more than 4 million subscribers in the month of March 2018. It has also added 1.2 million subscribers through MNP during the month.

R.K.Mittal, Director (CM) BSNL Board told that we are thankful to our esteemed subscribers, who have reposed faith in us and we are committed to give them best services with attractive and competitive offers. "The Company has big plans to further intensify its efforts for better network coverage & more focus on customer satisfaction."

"BSNL was able to overcome all challenges faced by telecom industry through its highly attractive schemes, plans, offers, value added service offerings and with network improvement, to add new connections and increased subscriber addition through MNP," the telco said in a statement.
